

Council asks for garbage report — Wheating leaving

Mr. Loyd Wheating presented a letter of resignation to Town Council at their meeting February 28th, Mayor Fowler said he was "truly sorry" to see the secretary-treasurer go, adding that Mr. Wheating has "played no small part in establishing the present stability of the Town". Mr. Wheating, who has served for two years as secretary-treasurer here, has accepted a position with the Manitoba Hydro Commission and will be leaving on April 1st.

All Councillors except Mr. Donias were present for the Tuesday meeting of Council, following Monday's early adjournment for the Annual Ratepayers Meeting. The Town will again engage the services of the firm of Lamond Dewhurst, Industrial Consultants, to find a successor. Councillor Wheatley questioned the cost of this service; it was noted that the firm's charge to the Town for its service when two senior employees were hired amounted to \$2500.

COUNCIL APPROVES POOL CHARGES:

After much discussion Council adopted a schedule of swimming pool charges as recommended by the Parks and Recreation Department. The following charges will go into effect when the pool opens Saturday, May 20th.

SEASON TICKETS: Family \$20, Adult \$10, Student \$7, Child \$5. SINGLE ADMISSIONS: Adult 65¢ or 4 for \$2.25, Student 35¢ or 5 for \$1.50, Child 25¢ or 5 for \$1.00. Provisions will be made for suit, trunk, towel and cap rentals. Mr. de Bruijn opposed the above fees. He wanted the family season ticket scrapped, and said people should pay on an "individual basis". One of the reasons for the admission prices being higher than those charged by Edmonton pools is that the Town pays a higher rate for its water. Mr. Parkes suggested that the Staff be asked to find out the cost of canvas screens, to be put on the frost fence around the pool, to act as a wind breaker.

GARBAGE:

Councillor Wheatley asked that Council give "serious consideration to charging for commercial garbage removal", as is done in the City

of Edmonton. Engineer Maandag said that the garbage crew spends an hour daily collecting garbage at the local supermarket. Staff was asked to bring a recommendation and a specific proposal before Council in this regard.

COUNCIL BRIEFS:

Mr. Wheatley asked if "fixed bus stops" could be established. This being a "one bus town" people flag down the bus at any point along the route. Mr. Maandag explained that if pre determined bus stops are set-up, Town Hall would be flooded with complaints from home owners who don't want a bus stop in front of their residence. Council decided to leave the bus stops alone for the time being.

Mr. Lloyd Wheating will be leaving next month for what promises to be an exciting and challenging new job at the site of the Kettle Rapids Power Generating Station, 150 miles South of Churchill on the Nelson River in Northern Manitoba.

As senior resident administrator for Manitoba Hydro, Mr. Wheating will be in charge of the development of a new townsite.

Mrs. Wheating and the six children will be staying on in St. Albert until they are able to join Lloyd in August.

Mr. Parkes told of a Town-owned 3 ton truck racing along Grosvenor Blvd., at an excessive rate of speed, spraying mud and water all over. "All over" included Mr. Parkes' just washed automobile, so Mr. Parkes took off after the truck in hot pursuit. Mr. Parkes suggested that perhaps a "Driver Training Course" might be in order for Town employees.

Councillor Bakker noted that the St. Albert Post Office is now "Independent", but that service has diminished. Only one emptying of mail boxes is being carried out now. Mr. Bakker suggested the Town request this service be improved.

FROM THE FINANCE COMMITTEE:

The Provincial Dept. of Public Welfare will be requested to take over the full responsibility of Child Welfare in St. Albert, retroactive

to February 1st, 1967, as provided for under new legislation in 1966.

If the Town provides the necessary funds, approximately \$600,00, Town Staff will design and construct, as their Centennial Project a float to be used in various parades around the St. Albert area.

The cost of dog catching is going up. S.P.C.A. has raised its fee to \$175.00 per month. In addition to this 20 hours of unscheduled patrolling per month, at a cost of \$50.00 will also be provided.

The present policy which calls for all Town employees to reside within the Town has been relaxed. Single employees and those with large families are experiencing some difficulty in finding suitable accommodation within the Town. The policy has been relaxed for all Town employees below the level of Department Head.

Basketball Championship this weekend

Teams from Grande Prairie, Lamont, Tofield, Medicine Hat, Magrath and St. Francis Xavier (Edmonton) will be in St. Albert this weekend to take part in the Provincial "B" Boys Basketball Championship tournament at Vital Grandin School gym.

Play gets underway Friday afternoon at 3:30 and continues through 5, 7 and 9 o'clock games. For Saturday two games are scheduled in the morning (from 10 o'clock) two in the afternoon with semi-final and final at 7 and 8:30 p.m.

Sponsored by the St. Albert High School, the tournament is sanctioned by the Alberta School Athletic Union. Basketball fans are assured of plenty of action as the best

of the "B's" try for the Provincial title.

Leadership course starts tonight

"How to Handle People" is the subject of Stan Powers, guest speaker for the opening session of the Leadership

workshop at the Clubhouse, 5 Grenfell Avenue, tonight. Mr. Powers who is the District Agriculturist for the County of Sturgeon is well qualified to handle the subject and will lead a general discussion and answer questions following his address. The 4-session course (every second Wednesday) is open to everyone and promises to be both interesting and rewarding for all who participate. It will be helpful for anyone wishing to take part in some form of community service and for purely personal development as well. Those not able to attend the entire series are welcome to take in as many as possible.

Trustee Petherbridge ineligible Father Jan causes concern

Approximately 50 Separate School supporters attended the Annual Meeting held in Simpson Elementary School Monday evening. Dr. Norman Dolman, chaired the meeting which accepted the Trustees Report and the Auditors Financial Report. The meeting referred back to the Board for further study on the matter of Trustee Doug Petherbridge who may be forced to resign.

It is not quite clear if Mr. Petherbridge, as a teacher under contract with the Edmonton Public School Board since last September, can legally sit on a Board of Trustees. The Board will seek the advice of the Attorney General's Dept. and the Dept. of Education in this regard. If Mr. Petherbridge is found ineligible to hold office, and should he resign before May 1, 1967, the School District will be faced with a By-election at a probable cost of \$2,000. It was noted that when Mr. Petherbridge stood for election one and half years ago, he was not yet under contract with any school system. At present Mr. Petherbridge has been granted a leave of absence until May 1st, and the Board proposes to accept his resignation on May 2, when a by-election will no longer be required and the vacancy on the Board can be

filled during the regular October elections.

LACK OF SPACE:

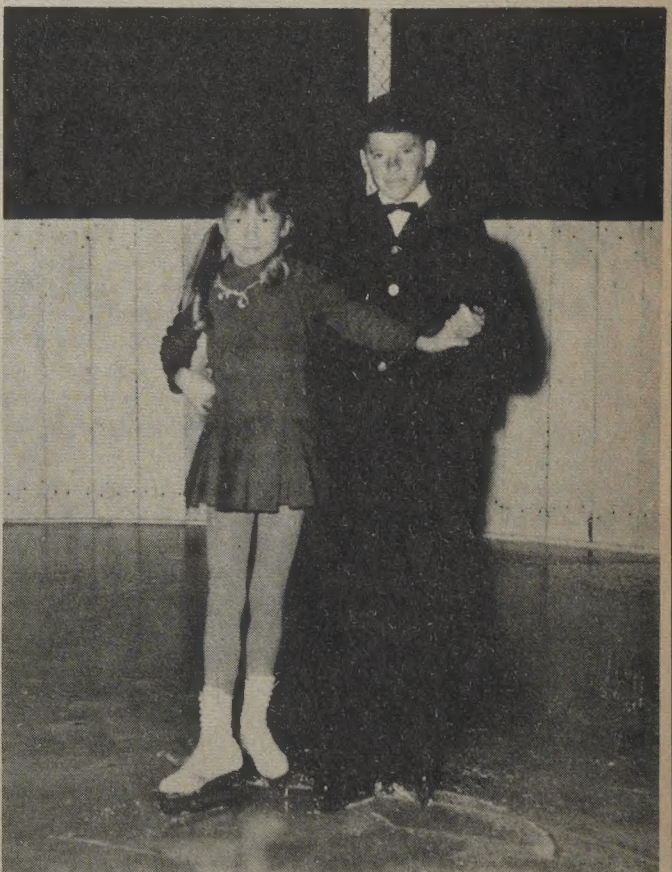

Commenting on the building program, Chairman Ron Harvey said the Board is planning the following additions for 1967: A seven room addition to Leo Nickerson and a nine room addition to Simpson Jr. High. The District has expanded greatly in the past 8 years. Mr. Harvey said "In Sept. 1966 we had 1840 pupils and 103 teachers . . . a large step from the 85 pupils and 7 teachers back in Sept. 1958, when the District was started". Mr. Harvey said the Board has received delegations of concerned parents in regard to the Father Jan School which is at present used to house children from the Sturgeon Heights area. The parents charge the old school is dirty, unsafe, and completely unsatisfactory. Commenting on the line-ups at the washrooms, one mother noted there were "60 girls waiting to use one toilet". Mr. Penrose replied that Father Jan School is checked regularly, much repair and maintenance work has been carried out and that on the last inspection, held March 6th, he found Father Jan "more than satisfactory."

DOUBLE SHIFTS?

Questioned as to what action would be taken in the event the Leo Nickerson addition is not completed by Sept. 1, 1967, Dr. Proudfoot stated that in view of the fact that Father Jan will not be available next term, and if no other temporary accommodation adjacent to St. Albert can be found, the Board will be forced to "partition off gymnasiums, to go to double shifting and increase class enrollments". Mr. G. Walker, former chairman of the Board, who failed in his bid for re-election last October spoke at great length. Mr. Walker said the Board's "indecision and wishy-washy action" was to blame for the shortage of space.

The meeting, which lasted until after midnight, defeated a motion that the Board withdraw from the Alberta School Trustees Association. Mr. Walker called the A.S.T.A. "union organizers and very little else," and added the association "is not concerned with looking after local school board problems."

The meeting recommended that the Board consider removal of the limited placement clause. Such action would help considerably in ensuring getting top-grade teachers for the District.

Billy Aylwin and Debra Paul poised to begin their duet at the Figure Skating Revue.

ALAN G. MITCHELL - St. Albert's new Postmaster.

Postmaster arrives from Yellowknife

Mr. Mitchell arrived recently to take over the position of Postmaster here when St. Albert, formerly a sub-station of Edmonton, became an independent Post Office. Mr. and Mrs. Mitchell and their three sons are making their home on Sunset Boulevard and came to St. Albert from Yellowknife N.W.T. where they spent the last three years. Prior to that Mr. Mitchell was five years at Cold Lake RCAF station and before that ten years at Fort Smith. His duties as Supervisory Postmaster for the North West Territories involved considerable travelling throughout the area as well.

The family are ardent curling enthusiasts, with both Mrs. Mitchell and oldest son Gordon having been on NWT championship teams in the Diamond D and High School Boys playdowns. Mr. Mitchell has also been active in the Legion and in Little League Baseball. His wife, a school teacher has already done some subbing in the schools here.

As an independent office St. Albert is now processing and dispatching all local mail. To handle the increase Paul Dyrbye transferred from Edmonton and Mrs. C. Lang-evin of St. Albert have been added to the full-time staff, and Mrs. Killian, also of St. Albert on part-time.

Mail is dispatched once a day by carrier in St. Albert and twice a day (at 11 a.m. and 5:30 a.m.) out of town. Last sorting for boxes is completed by 12:30 daily. Outer lobby opens at 8:00 a.m., main lobby at 8:30 to 6:00 p.m. daily.

Mr. Mitchell left to-day for a brief inspection trip to Aklavik, N.W.T.

Exchange student plan St. Albert High

Arrangements are presently being finalized for a Student Exchange Program between St. Albert High School and three High Schools in Richmond, Quebec. The Centennial Project plans include a stay in the homes of Eastern students and various trips in Quebec for a period of eight days. The students from the Eastern High Schools will visit St. Albert homes and remain in Western Canada for a period of time. At present, the possibilities of a formal welcome and a trip for the Eastern visitors are being investigated.

Sponsorship of this program has occurred through the Centennial Youth Travel Program, the St. Albert Public School District, and the staff and Students' Union of St. Albert High School. The Centennial Committee of St. Albert High School hope it will be able to obtain further aid from various Service Clubs and other groups in the town.

The staff expect that the project will become a continuing one, and will be repeated in 1968 and subsequent years.

Local girl in accident

A nine-year-old girl of Sturgeon area suffered a fractured right leg when struck by a car while crossing Highway 2 near the cross walk at Ball Avenue Monday evening. Two girls were crossing at the time the accident occurred at 6:05 and the other escaped injury. The car was driven by a Morinville motorist and no charges are being laid. St. Albert detachment R.C. M.P. and the Town Council have previously recommended a flashing light be installed at this intersection by the Department of Highways who are being approached again this week on the matter.

McGuire going to Calgary

Mr. and Mrs. Robert McGuire and two boys are leaving St. Albert to make their home in Calgary on the first of April. During their seven years here the McGuires have been active in a number of areas of the community.

Mrs. McGuire will be missed particularly in the office of Secretary of the St. Albert Centennial Committee where she has worked with energy, enthusiasm and considerable ability since Sept., of last year. She is also a member of the Session of the United Church and in earlier years was active in Junior League work in Edmonton.

Mr. McGuire, a geologist, has also taken active interest in the community. He is secretary of the Board of Stewards of the United Church an assistant Cub leader and a member of Balmoral Lodge. His work is taking him to Calgary but the McGuires have enjoyed living in St. Albert and will be sorry to leave.

St. Albert High School which will be officially opened Friday evening has an ultra modern exterior design in keeping with the concepts of school planning which are featured throughout the building. The public is invited to attend the opening ceremonies when special guests will include Premier Manning, Mr. John McIntosh, Architect, Mr. W. J. Bennett, general contractor and Mayor Richard Fowler. An appropriate program has been arranged by the Public School Board and Superintendent of schools and visitors will have an opportunity to tour the building.

Mayor's Column

At the Annual Ratepayers' Meeting last Monday, Mr. W. Penrose questioned as to how the Town's cost of General Government compares to that of other cities and towns.

From the information contained in the Annual Report of

the Department of Municipal Affairs for the year 1965, it is noted that these costs for towns vary from a low of 2.87% to a high of 15.86%. 92 towns have been reviewed and can be classified into the following brackets:

Percentage Bracket	Number of Towns
2.00 - 2.99	1
3.00 - 3.99	-
4.00 - 4.99	8
5.00 - 5.99	15
6.00 - 6.99	12
7.00 - 7.99	19
8.00 - 8.99	14
9.00 - 9.99	8
10.00 - 10.99	6
11.00 - 11.99	2
12.00 - 12.99	4
13.00 - 13.99	-
14.00 - 14.99	1
15.00 - 15.99	2

The percentage for St. Albert is 10.27%. The average of all towns is 7.81%.

On reviewing a sampling of Financial Statements of other municipalities for 1966, it is evident that there is not consistency in the allocation of all expenditures. For example it is known that some towns spread the Secretary-Treasurer's salary over other departments whereas, other municipalities, including St. Albert, do not. It should also be borne in mind that St. Albert has had some very heavy legal costs over the past two years.

The percentages for cities

for 1965 are as follows:

Calgary	5.12
Camrose	6.78
Drumheller	9.57
Edmonton	4.93
Grande Prairie	6.77
Lethbridge	4.77
Medicine Hat	6.13
Red Deer	10.96
Wetaskiwin	7.49

At the present time I feel it would be very unfair to compare one municipality with another in view of the many facets that have to be taken into consideration. Unified standardization of preparation of Financial Statements would be the first step in this regard.

Sister Simone Mageau with a group of Girl Guides at Youville Home last Saturday afternoon, just before the girls wrote their exams for the St. John Ambulance Junior Home Nursing Course.

Youville aids Guides course

Sister Mageau and Mrs. N. Hegland, R.N. who are registered with the St. John Ambulance as Examiner and Teacher respectively, have just completed another Home Nursing Course for members of the 1st, 2nd, 3rd, and 4th Guide Companies of St. Albert and word has been received that all of the girls (about 30) passed the course.

It is believed this is the ninth year that Sister Mageau who has a very busy schedule indeed, has given freely of her time and talent to provide this course for the Guides. Her services and the use of the equipment at the Home have meant that St. Albert Guides

can take the course here in town as otherwise they would have to go into Edmonton.

Newcomers

St. Albert welcomes the following new families recently arrived in the community. Mr. and Mrs. A. Langlois and family, Mr. and Mrs. W. Depner and family, Sturgeon Heights. Mr. and Mrs. F. R. Jacques and family, Mr. and Mrs. P. Mallon and family, Grandin Park, and Mr. and Mrs. L. Francis and family, Mission Park.

We must function within a metropolis

Is St. Albert destined to become part of Edmonton? The Hon. A. J. Hooke feels that the close proximity of the town will make it difficult for this area to remain independent. An equally important consideration is the fact that the town serves as a dormitory area for the city. The point at issue is really not so much whether a green belt can be preserved between the two areas, or even whether the town may be able to retain its administrative autonomy, but rather to what degree do the town's people and policies recognise the fact that we are an inevitable part of metropolitan Edmonton.

We hope the town will acquire more industry but the same question will remain because its people largely find their employment in the metropolitan area. Taxes at the moment are higher than in the city, but even if this should change we need to remember that we are part of the whole metropolitan area - an area which from an economic point of view functions as a single unit. Administratively and educationally the Edmonton area is not a single unit. Nor does it need to be. The city does not need to gobble up Sherwood Park, Strathcona and St. Albert as was the case with the Town of Jasper Place. What is necessary is to discover ways and means for the whole metropolitan area to function effectively as a unit in terms of services and responsibility.

The importance of good metropolitan development is well illustrated in such a city as Boston which is said to reflect the general chaos of North American cities in this respect. As populations climb to the million mark and beyond the problems we experience here on a small scale become increasingly significant. We know that business, industry and labour provide the economic life blood of the metropolitan area. What we so often lack is the vision to see each community as a part of this highly structured whole. In addition government development boards, education, transport and a host of servicing industries exercise a powerful influence over suburban living. Decisions at

these levels not only affect growth patterns but also profoundly influence the whole shape and quality of human life in the entire metropolitan area. Decline at the centre, especially economic decline, immediately produces a crisis in the surrounding dormitory area. THE ESSENTIAL THING is to recognise that the whole metropolitan area is a single economic unit dependent on the whole for services such as hospitals, specialized education and programs for the retraining of its workers etc., and so interrelated that it must approach its problems from a metropolitan point of view.

Why is this a basic Christian concern? Because from a Christian point of view no one community has the right to better itself at the expense of its neighbours. We share a common life together and must therefore be prepared to share all the responsibilities, advantages and disadvantages proper to the entire area.

SOCIETY IS NOW SO COMPLEX, SO INTERRELATED THAT TO MAINTAIN THE COMPLETE AUTONOMY OF INDIVIDUAL COMMUNITIES WITHIN A METROPOLITAN AREA IS A DIRECT INVITATION TO EVENTUAL CHAOS, INEQUALITY AND STRIFE.

Fourth in a series. Readers' comments on this article or any of the three preceding may be directed to the Gazette, Box 263, St. Albert.

A rainbow for Canada

by Patricia Hamilton

Remittance men were an important part of Western Canadian history. Mostly they were younger sons of wealthy British families who had in some way disgraced themselves. The family would send the "black sheep" to one of England's far away territories. To make sure he stayed away he received a monthly allowance from home...his remittance money. Many of these young men came to the ranching country of Southern Alberta, some to work hard and make fortunes of their own and others to merely live from one monthly allowance to the next. The stories told about these men add a definite touch of humor to our history but often in hard times it was the remittance cheques that kept small communities solvent. One young Englishman worked as a stablehand on a foothills ranch. He wrote to his family in England telling them he owned the ranch and that his future was bright, although he would continue to need his allowance. His father hopeful but disbelieving decided to come to Canada and see the ranch for himself. He wrote his son, stating the date of his arrival. The son was aghast but, making the best of a bad situation, he told the owner of the ranch about his

predicament. The rancher was a very understanding man. He offered to change places with the young man and for the duration of the father's visit he lived in the barn. The charade worked perfectly. The father returned to England convinced that his son was finally making something of himself. The son moved back to the barn. A young Irishman did not do so well. He took a job as a hired man. The first day the farmer sent him out to hitch the team of horses to the plow. An hour later the young man came in scratching his head. He told the farmer he had one horse hitched up but could not figure out where to put the other horse. The farmer went out to find the horse hitched between the plow handles. The Irishman left in a hurry.

Our National Parks make a wonderful destination for Centennial travellers. There are all the obvious pleasures of mountain playgrounds plus many unexpected points of interest. If you happen to be boating on Lake Minnewanka try to spot the outlines of an old English garden under the water. Long ago a tea house was built on the shore of the lake. The English owners set out an old-country garden with stone walls and flag-stone paths. The building ran its

Early immigrants to Canada crossed the Atlantic the hard way - in steerage-class bunks like these, vividly recreated on the Confederation Train. This dramatic exhibit may even make train visitors feel a twinge of seasickness as an oil lantern swings overhead to simulate the rolling of a sailing ship.

Austin re-elected Sturgeon Board

At their regular meeting February 14th, the Sturgeon School Board heard Returning Officer's declaration that Mr. Reg. Austin had been re-elected School Trustee by acclamation.

Present for the meeting were: School Trustees Messrs. Austin, Wilson, Lesburg and McDonnell; Superintendent, A. E. Kunst; Recording Sec., J. B. McDermott; Sec. Treas., C. Krauskopf; Municipal Rep., L. Kluthe. The Chairman, Mr. Wilson called the meeting to order at 9:00 a.m.

Minutes of the meeting held on January 10th, 1967 were approved. Mr. Austin reported on arrangements for the Gibbons official opening on February 24, 1967.

It was moved that the two

east school buildings at Gibbons be offered for sale by tender.

Mr. Voghell reported on the following:

- Centennial Caravan.
- Bursary Program.
- Internship Program.
- Science programs in schools.
- Libraries.
- French program at elementary level.
- Modified Grade Program at Horse Hill School.
- New approach to the teaching of literature at elementary levels.

It was moved that the Assistant Superintendent's report be accepted.

Mr. Austin reported that he had made arrangements for a Bus Institute to be held on the evening of February 28 and March 1 at the Cunningham

School starting at 7:30 p.m. Mr. Bedard supervisor of maintenance distributed his report for the month of Jan., 1967 which was accepted.

It was moved that the list of Accounts for the month of January be approved for payment and that the Bank Statement for the period ending Jan. 31, 1967 be accepted.

The meeting adjourned at 5:45 p.m. and reconvened at 9:05 a.m. on February 15, 1967 with all members of the Board present. SUPERINTENDENTS REPORT:

Gibbons Library: A committee met with Mrs. B. A. Friderichsen, School Libraries Consultant from the Department of Education, re furnishing and equipping the new library facilities at Gibbons.

Special Bursaries: Mr. Kunst asked that the Board give some consider-

ation to offering special bursaries to teachers or students for the purpose of taking courses in library science so that as library construction proceeds, personnel will be available to fill positions as needed.

TUBERCULIN TESTS: Letter was read from Dr. Elizabeth Hill, Medical Officer of Health, Sturgeon Health Unit, dated January 12, 1967 re change in School Act allowing Boards to require employees to obtain tuberculin tests.

It was moved that the Board institute a policy that all employees of the Division be required to take a tuberculin test every two years as a condition of employment.

CONFERENCE: Report was read from Sister M. Bertha dated January 24, 1967 outlining success of recent Parent-Teacher Conference held at the St. Charles School.

CENTENNIAL GIFT: It was moved that a set of THE CANADIAN CENTENNIAL LIBRARY BOOKS be purchased for each school and the Divisional Office in commemoration of Centennial Year and that each set be inscribed with an appropriate note.

ST. ALBERT

100 years ago

Our Centennial Quiz questions published previously are repeated here during Education Week, to encourage answers from our schools.

A Centennial Flag will be awarded to the school, classroom, or grade, sending the best answer to the following?

- How many people were living here in 1867?
- How would a letter be addressed to reach St. Albert?
- Where was Father Lacombe Jan. 1/1867? (or tell in detail of any activity of Lacombe in 1867)
- Were there any white women at St. Albert in 1867?
- Were the Indians peaceful?
- Was Edmonton a bigger settlement than St. Albert?
- What coinage was used in St. Albert in 1867?

primarily the responsibility of the parents concerned rather than the governing body. "After all, my fifty years Assiniboia had become a settled community not a winter encampment for itinerant buffalo hunters and voyageurs." The relevant minute reads as follows:

"The President laid before the Council, a Petition from the Settlers at Point Coupee, to the number of 27, representing that, with a view of the instruction of their children, numbering, as they state, about 60 in all they had lately built a school-house, but had not the means of paying a School Master, and they were therefore led to petition the Council for such aid as it might be thought fit to afford. The Council by a majority of votes, granted 10 pounds to be payable to the School Master himself; but in granting that sum, the Council wished it to be distinctly understood by all concerned, that it would not be continued;

being given for the present year only, and that it was not to be drawn into a precedent. For the Council, while admitting the unquestionable importance of education to the children of all classes in the community, were fully aware that the funds at their disposal would not admit of systematic grants being made for that purpose, and that in the present state of affairs, the Educational wants of the Settlement must continue to be met in the same way as they have hitherto been."

Four years later, in 1869, the Honourable Company surrendered all its powers of government, its powers to wage war and maintain peace, to impose customs duties and taxes on real property, to police the plains and control the commerce of a quarter of a continent. With these ancient rights and duties went its responsibilities for education, education of white, Indian, and Metis alike.

From the Legislature

by Keith Everitt, M.L.A. St. Albert.

An Act respecting the Sale of Farm Machinery has been introduced this afternoon. The farmers of this province have requested this legislation and should be pleased with it. I will outline a few of the pertinent sections and then criticize one section. The Act does not cover farm machinery sold by farmers, by auction sales, or executors or by public officials acting under judicial process. It is understood that every new piece of machinery sold shall be warranted to be

- made of good material
- properly constructed, both as to design and workmanship
- in good working order
- capable of performing in a satisfactory manner the work for which it is intended, subject to reasonable operating conditions and proper use and maintenance.
- constructed so as to ensure reasonable durability.

If a machine fails to operate in a satisfactory manner the purchaser must notify vendor by registered mail within seven days of purchase or seven days after first use. Within 24 hours of receiving complaint the dealer or vendor must provide a suitable replacement for purchasers use until implement is made to perform in satisfactory

manner. If original machine cannot be made to operate satisfactorily the vendor or dealer must replace machine or refund all monies to purchaser. The new Act states there must be repair parts in supply for 10 years. In my opinion this should be 20 years. Repair parts must be available within a reasonable length of time, however, dealer will not be held responsible in cases such as strikes affecting aircraft, trains etc.

An inspector of the province will now have the authority to inspect the quantity of repairs the dealer keeps.

The section which annoys me the most is the one covering penalties. It reads "A person who contravenes this Act is guilty of an offence and is liable to a fine of not more than \$100.00. I will certainly endeavor to have this raised to \$500.00. Only a dealer isn't going to put out a new combine to a farmer whose newly purchased machine fails to perform if he can get away with a one hundred dollar fine.

With a couple of amendments I believe this can become excellent legislation - fair to both the farmer and the machine companies.

I will mail this Act out to anyone who desires same.

A dial conversion program from the Minister of Telephones stipulates the change over date for the Village of Legal and district will be April 7, 1968.

Decision needed on University

by Robert Russell Liberal Candidate.

After some three years of speculation it's time the Provincial Government made a decision on the location of Edmonton's second university. The Minister of Education should properly announce it during the present legislative session so that any questions can be settled by the elected representatives, rather than being used as election bait.

St. Albert is certainly a strong contender for the location and our MLA should be making himself heard one way or the other during the session.

It was moved that the Board approve The Handbook as written as the official statement of policies, practices, regulations and schedules of the Sturgeon School Division Board.

It was moved that the Superintendent's Report be accepted.

The Secretary distributed minutes of the February 8, meeting of the St. Albert Education Co-ordinating Committee.

Minutes ordered filed for information.

It was moved that Mr. Wilson be designated official representative of Sturgeon School Division at the Annual Meeting of the Alberta Muni-

cipal Financing Corporation to be held on April 3, 1967. It was moved that the meeting adjourn at 5:30 p.m.

SASS "Queen"

With a name like SASS and pounds of determination how can we miss?

21 members of St. Albert's Serious Slimmers are now well launched on a special Centennial project which aims at shedding excess lbs. Carefully kept statistics indicate we are on our way - as 20 members have lost a total of 116 and 1/2 lbs. over a 5 week period and 1 member has stayed the same.

Our Queen for this period lost 17 lbs. with 2 princess' losing 16 and 14 lbs.

At last week's meeting Karen Ford showed us spot exercises which helps remove the flabbiness that appears, when weight disappears.

Current members are all married women, although single ones are equally welcome.

If you are a weight-conscious person please accept this invitation to attend our weekly Monday meetings at 8:00 p.m. St. Albert Community Hall.

Legal Carnival

Legal Winter Carnival promises lots of fun and excitement this week-end, starting with Friday nights hockey game and ending up with the hockey banquet Monday evening. Sponsored by the Legal Recreation Bld., proceeds will go to the Arena Building Fund.

Official opening ceremonies are scheduled for Saturday morning at 10 o'clock followed by figure skating and boys and girls races. Saturday afternoon features Juvenile hockey with St. John's College the visitors and the Edmonton Gateway Skating Club will perform between periods. Bon Accord hockey team plays in the evening with ladies broomball the between period feature.

Sleigh and cutter rides, power toboggan races, cross country racing and toboggan obstacle race will take place Sunday afternoon, with senior hockey game at 3 o'clock. An amateur hour is the evening entertainment beginning at 8:00 p.m.

Legal meeting

A good number of rate-payers and all members of the Council were present for the Annual Meeting of the Village of Legal held February 28th in the Municipal Building.

Reports were heard from the Inspector, Auditor's Financial Report, Public Works, Fire Department and Senior Citizens Home, together with minutes from last year's Annual Meeting.

A vote of thanks was given the Council for the fine work they had done for the Village

Crowds love "Anne Frank"

by Hennie Stibbe.

From the opening scene, when a forlorn, heartbroken Otto Frank returns to the attic of the old warehouse in Amsterdam where he lived in fear with his family for nearly three years, to the last scene when, speaking of his daughter Anne, who died in a concentration camp along with her mother and sister and the other people who had shared their hiding place, Mr. Frank said: "She put me to shame", the audience sat spell-bound as the St. Albert-on-Sturgeon Players presented The Diary of Anne Frank.

Playing to a full-house both evenings, the presentation, directed by Joost Weerheym was extremely well received. Young Lily Martyna was outstanding in her sensitive portrayal of Anne, interpreting the part with an understanding and feeling remarkable in one so young. Frank Turner, playing the part of Peter Van Daan was especially effective in his scenes with Anne. Eric Candy, well known Edmonton actor, was superb as Mr. Frank, a mild mannered, understanding and peaceful man, who did everything in his power to smooth over the temper flare-ups, ease the difficulties and bring a measure of purpose and meaning to the lives of the eight people during their long years of confinement in the attic. Jack Knill was excellent as unsympathetic, hard - to - get - along with Mr. Van Daan. Delores Knill, playing Mrs. Van Daan was convincing as the spoiled woman who loved talking of the past, how rich her father had been, and her "good looking legs". The surprise of the evening was Bob Prather, as Mr. Jan Dussel, an elderly dentist, Mr. Prather, who is neither a dentist or old, contributed a wonderfully light, humorous touch to the tension filled play. Exuberant Shirley Martin was fine as good hearted Miep, the link to the

NEWS FROM CHATEAU
STURGEON - LEGAL.

On February 25 a group of young people from Morinville came and cheered up the senior citizens with a variety program.

The program included songs, gymnastics, the Virginia Reel and the Schottische.

To terminate the program the agile Mrs. Amendine Pelletier who is in her nineties played a piano selection from her repertoire.

Rev. Father Garnier, chaplain of the home congratulated the youngsters and the Rev. Sisters for their choice of songs, and thanked them for their lovely program.

Mrs. Leguerrier (the matron) and her staff prepared and served lunch to the well deserving group.

Since the month of January the matron Mrs. Leguerrier and her staff have organized weekly bingos for the senior citizens. This week the prizes were given by Mrs. Simone Pelletier and Mrs. Noela Champagne.

THE GAZETTE, Wednesday, March 8, 1967

Medical Society hears Dr. Alton

The regular monthly meeting of the St. Albert and District Medical Society took place in the Sturgeon Health Unit on Monday, the 27th of February, 1967, at 8:30 p.m. Eleven members of the Society were present.

The guest speaker was Dr. J.D.M. Alton, Plastic Surgeon of Edmonton. His subject was "Injuries of the Hand," the reconstruction of which was discussed in specific relation to plastic surgery. The talk was profusely illustrated with color slides.

During the business section of the meeting, discussion took place re recent developments of the proposed St. Albert Hospital, and possible ancillary services.

Morinville Locals

Town of Morinville Annual Meeting was held on Friday 27th, with some 275 persons in attendance. Mr. J. Curtis was chairman. Mr. J. George Primeau, Mayor Henry J. and each of the Town Councillors gave reports on their work and various administration departments.

Wednesday evening a student seminar was held at the Thibault School for the Student Week. A number of high school students and parents participated in a very informative and valuable discussion session. Mr. Marcel Schayes, principal, spoke to the students of today are to be compared to the student load day of our working man's day. Louis Chaffoux addressed the meeting as a parent. Stella Killian as a student. Mr. Paul Krauskopf was C. for the evening. One present hopes that such meetings will be held often.

March 1st, the Morinville Co-op store sponsored a Cooking Demonstration at Morinville Legion Hall. 30 ladies registered as demonstrators, and were delighted to have the various dishes cooked and sampled. Miss Joan Lewis, a local housewife, was the Economist for the demonstration. Co-ops was in charge of food preparations. Mrs. Lesburg, Mrs. Brigitte, Mrs. Catherine and Mrs. Rom, Dancourt were co-hostesses for the afternoon. Mrs. as Pelletier was the winner of a ten dollar voucher as door prize.

March 11th, the Morinville Lions are sponsoring an annual Ice Revue. This program has been

extended into a Carnival atmosphere. Skidoo novelty races will be held at 4:00 p.m., following the matinee performance at the Arena at 2:00 p.m. In the evening at 8:00 p.m. the fancy figure skating revue will be held, supplemented by colourful Indian dancers.

A broomball game between the Morinville Lions and the old Monarchs from St. Albert promises to be worth twice the price of admission. Make a date now: Saturday, March 11th, at Morinville for the Lions Ice Revue.

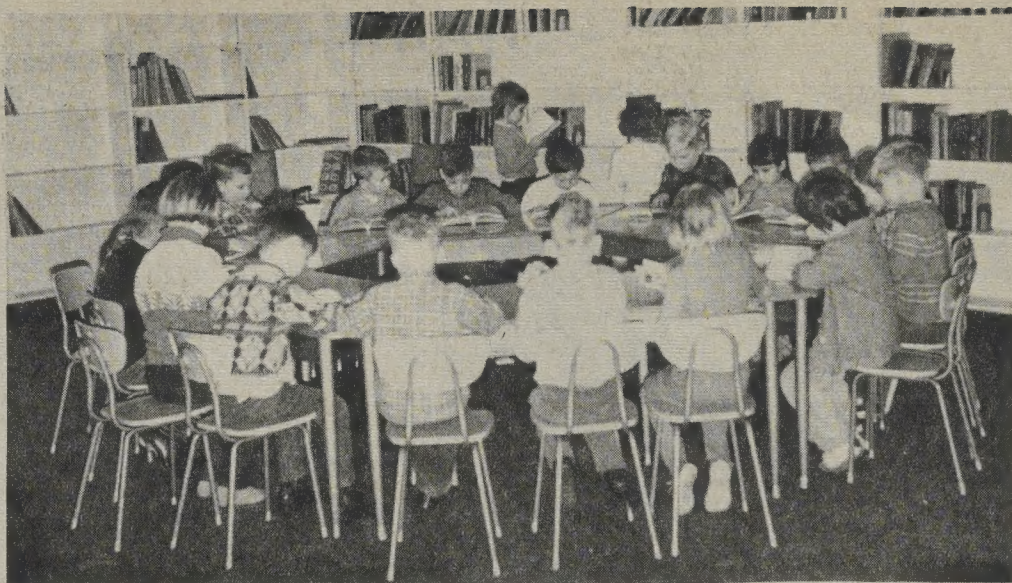

The Annual Mens Open Bonspiel got underway last Saturday, with 16 rinks participating in the first flight of competition. The second flight will take place next weekend with 32 rinks playing for a lovely assortment of prizes.

Last weekend the Morinville Brownies came in second in the St. Albert district rally. The Guide company of Morinville placed third. To all the leaders and girls taking part, CONGRATULATIONS.

Yes, we know that the write-up about our local Baden-Powell Day was very much "up side down" as one little brownie expressed it. It goes to prove that not every body is perfect, not even the proof reader. Only those who read the paper can know of the printers error.

The Morinville United Church congregation have purchased two lots from Sam Beland for their new United Church building.

Dress-Up day during Student Week celebration was a riot. Fantastic, is the proper word to describe some of the models. Miss Joanne Perras was judged best dressed girl student; Robert Craig was

Education week

To mark Education Week in Canada's Centennial year a special supplement was distributed throughout the Sturgeon School Division this week. A well informed community is an understanding and appreciative community, we believe. In the area of education, good co-operation between parents, schools and communities is required for the most effective education of children. With this in mind the supplement was designed to give the people of this area as comprehensive a report as possible of what is happening in their schools.

The committee is thankful to the Sturgeon School Board for their financial support and also appreciated very much the help and encouragement received from all quarters in the preparation of the issue. Jeet Khullar, Bob Dixon, Art Demers and Paul Teller, Committee, Sturgeon Local A.T.A.

declared winner for the boys and Mrs. Dorothy Daigneault for the teachers.

Among those reported on the doctors list at press time are: Mrs. William Flynn who underwent surgery last week in Edmonton hospital. Charles Schafers, is sporting an arm in a sling, results of a broken collar bone. How did it happen? Well, all Charles will vouch for is the fact that he slipped on a newly waxed floor. George Lesburg also underwent another operation on his injured wrist this week. Mrs. Marcel Girard is also reported a patient in the Westlock Hospital. To all speedy and full recovery and the very best of wishes.

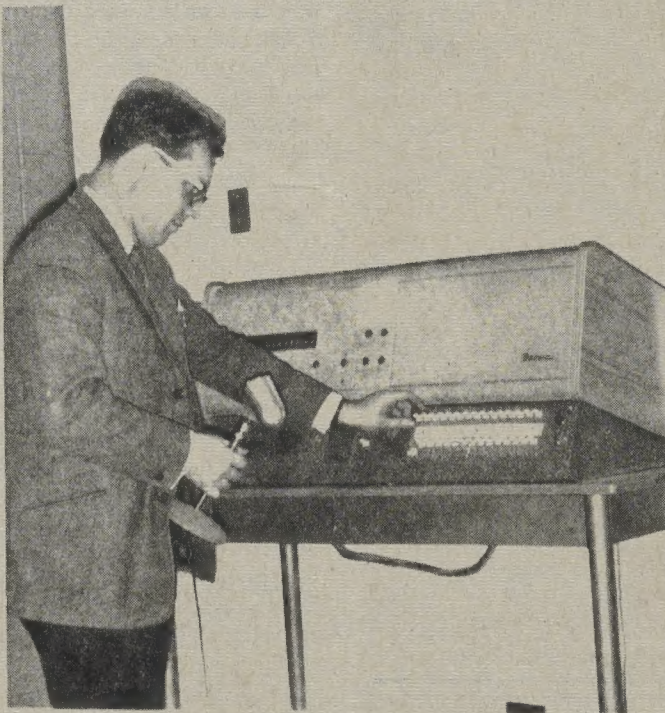

On March 22nd, the Social Credit Convention will be held at the Club Mocombo, for the provincial riding of St. Albert.

On Friday evening, March 3rd, the Morinville Recreation Youth Committee, sponsored the formal opening or launching of the "PAD" at the Morinville Centre. A new bar, coloured lights and a good lunch with the King Beez providing the music, all contributed to the lively dance with a huge crowd on hand. Congratulations to Paul Riopel, Denis Himshoot and other members responsible for original ideas. Let's hope that the teenagers will be happy with the modern - up-to-date social programs provided by local committees under the supervision of Rev. Father Armand Beaupre.

Mr. Hector Gibeau and his son Joseph are both now employed on construction on the new Misericordia Hospital in Edmonton west.

Mrs. Rose Brochu, postmistress of Morinville, attended the Postmasters convention in Edmonton last weekend.

The new, luxurious library of the modern Gibbons School is a 'step in the right direction'. But the empty shelves wait for new books, which will be coming in soon. Gr. I children sit around a table in one corner to do some free reading.

To improve communication, electronic P.A. systems and inter-coms have been installed in all larger schools in our area. In this picture Mr. Alan Fretwell, principal of the Gibbons School makes an announcement to the whole school.

Gr. I class-room library in Thibault School.

Sister Maurille of Thibault School conducts a music class in the well equipped music room.

Mobiles represent certain concepts in 3 dimensions. These students of Thibault School not only make mobiles, but also put these up themselves.

Credit Union grows in members and assets

The Morinville Savings and Credit Union Ltd., held its 27th Annual Meeting in the Morinville Centre February 15, 1967, chaired by Lou Calder with Maurice Parras as secretary.

It was very encouraging to see a good turnout by the members and guest speakers. A good year for the Credit Union was reported by President, L. J. Calder, with an increase of 68 new members in 1966 bringing the total membership to almost 500 active members; also assets increased to \$360,000 and members' share savings increased by \$24,000 to a total of \$226,000.

The president commented on the continuous growth of the Credit Union and stated that this was only possible by the full support and co-operation of the members and potential members.

A dividend of 4% on Share (Savings) for 1966 as recommended by the Board of Directors was approved by the meeting.

Guest speakers for the evening included: Rev. Father Beaupre-St. Jean the Baptiste Parish; Mr. Ian Fraser-Dept. of Industry & Development; Mr. Dan Kabasiuk-Cuna Mutual Insurance Society and Mr. Pat Ryan-Public Relations-Credit Union League of Alberta.

Mr. Ian Fraser from the Dept. of Industry and Development stated that he was amazed that the Credit Union had loaned to its members over \$77,000 more in 1966 than in 1965.

Elections for the new terms were also held and all vacancies were filled.

It is hoped that many more members and potential members will take advantage of all the facilities and services of their Credit Union such as: Chequing Accounts, Share Accounts, Term Deposits, Share and Loan Insurance.

Morinville Carnival

The Annual Winter Carnival sponsored by the Lions Club of Morinville will be held in Morinville on Saturday, March 11, 1967. More than 50 children who have just completed their figure skating lessons, will demonstrate their art and skills on the ice of the Morinville arena. There will be two performances: matinee at 2:00 p.m. and the evening one at 8:00 p.m.

In addition to the figure skating show, the highlights of the evening programme include the dance by the Indians from the Alexander Reserve and a broomball game between the Lions Clubs of Morinville and St. Albert.

An added attraction, this year, is the Ski-do Novelty Race for men and women. All stock model ski-do's are invited to participate in this race, which will involve a test of skill and manoeuvrability rather than speed. Entry fee for the race will be \$1.00 per person per race. Half of the proceeds from the entry fee will be given away in prizes while the other half will be used for Lions Community projects. This race will be held at 4:00 p.m. EASTER HAM BINGO: Lions of Morinville will hold an Easter Ham Bingo on March 17 (Friday) in the Recreation Centre in Morinville. Twenty games and an Italian raffle is being offered. There will be a prize on the tickets sold in advance.

ance, (Life and disability) as well as the purchasing of money orders and travellers cheques, payment of utility bills, etc. In this way they will continue to strengthen

their own Credit Union. This year's annual meeting was a very successful one, and the Credit Union hopes that next year's will show even more progress.

GENERAL CONTRACTORS

10340 - 112 St. PH. 488-0076

The magnificent St. Albert High School building is designed on a campus style with three distinct areas: Academic-Administration; Library and Gymnasium-Vocational.

Multi-purpose academic area incorporates a 4-room Science Suite ringed by nine standard classrooms. Each of the four classrooms in the science suite has desk area plus its own laboratory area for work in Physics, Chemistry or Biology. A science bar separates the 4 classrooms and 4 adjacent prep rooms are so arranged that either teachers or students may do preparation work without disturbing any classes being taught in the science suite. Adequate storage for all science materials is provided. In addition the science suite has been designed and lighted for use of overhead projectors. An inside corridor directs traffic to the science suite while outer corridor leads to the other nine academic classrooms encircling it.

The building follows a basic concept of campus design with the Library planned as the heart of the school. Located between the three Fine Arts standard classrooms and the academic area with its thirteen standard classrooms, easy access is also provided from the Home Economics, Industrial Arts section and Gymnasium.

Audio-visual resources are centralized in the Library area and the Language Laboratory is adjacent to the Library for easily accessible storage facilities.

The Fine Arts area is located adjacent to the Gymnasium and is separated from it by a stage which opens on both the Gymnasium and auditorium side. Three standard classrooms separated by folding doors make up the fine arts section with each classroom specifically equipped for Music, Art and Drama. The area may easily be converted to handle classes of 100 students for team teaching purposes, or to serve as an auditorium when doors are

opened. In a few minutes a large group of students can be assembled in small groups for committee work, by closing the folding doors.

The school is presently serving 340 students Grades 9 to 12 but ample provision for future expansion has been incorporated in the building plan. There is a non-bearing removable wall in each of the three major areas: Academic wing, Library and Gymnasium and Home Economics, Industrial Arts to permit expansion as student population increases.

All service connections leading to the building are planned with expansion in mind, and the heating plant has provision for an extra furnace if a Junior High, or a Vocational wing are added in the future.

"YOUR FRIENDLY FAMILY CHURCH"
Open Welcome to Everyone.

Heart of the school is the Library which is easily accessible from any of the learning areas with adjoining Language Laboratory and ample storage facilities. Non-bearing wall assures easy expansion as student population grows.

The spacious, well-equipped Gymnasium in St. Albert High incorporates a number of modern ideas in its design, including "Floating" floor, disappearing basketball nets and provision for chair storage on wheeled carts under the stage which faces both gymnasium and auditorium areas.

"back to school" for these parents

For parents taking advantage of the Father Jan school's invitation to attend classes, the experience may bring back a lot of memories of their own school days. Because this visit is different from most that parents make to the schools. No special program interviews or displays are planned - rather the parents are going to sit in on regular classes for a first hand look at how children are taught today.

The teachers and students at Father Jan extended the invitation as part of their plan to make Education Week a Public Relations Week at their school.

As the theme of Education

Week is always one which suggests better communication and understanding between the home and the school, the staff of Fr. Jan School felt the parents would be interested in observing the teachers and pupils in action in the classroom.

Parents, who have not visited the school this week still have a first-rate opportunity to observe classes going on in each of the rooms on Thursday from 1:00 until 2:15 p.m., after that time the children will be dismissed and free discussion may take place over coffee and cookies.

AIR CADETS BUSY

Number 533 Squadron St. Albert Air Cadets was inspected by F/L Coghill at their regular Parade Thursday evening. After fall-in the band dispersed for practice and remaining cadets had drill practice. During the second period the first-year cadets heard a lecture on the theory of flight by Mr. Stan Hodgson.

The Band is looking for new members and plans are being finalized now for the formation of a colour guard. Any young men 13 (or Grade 8) and over are welcome to join the Squadron and Parades are held at 7:25 Thursdays at the Community Hall.
